

Criteria 2.7: Satisfaction Survey Analysis:

Q1. Please confirm this is the first and only time you answer this survey

Interpretation:

The above results reflect that approximately 99% of students had filled the survey form for the first time.

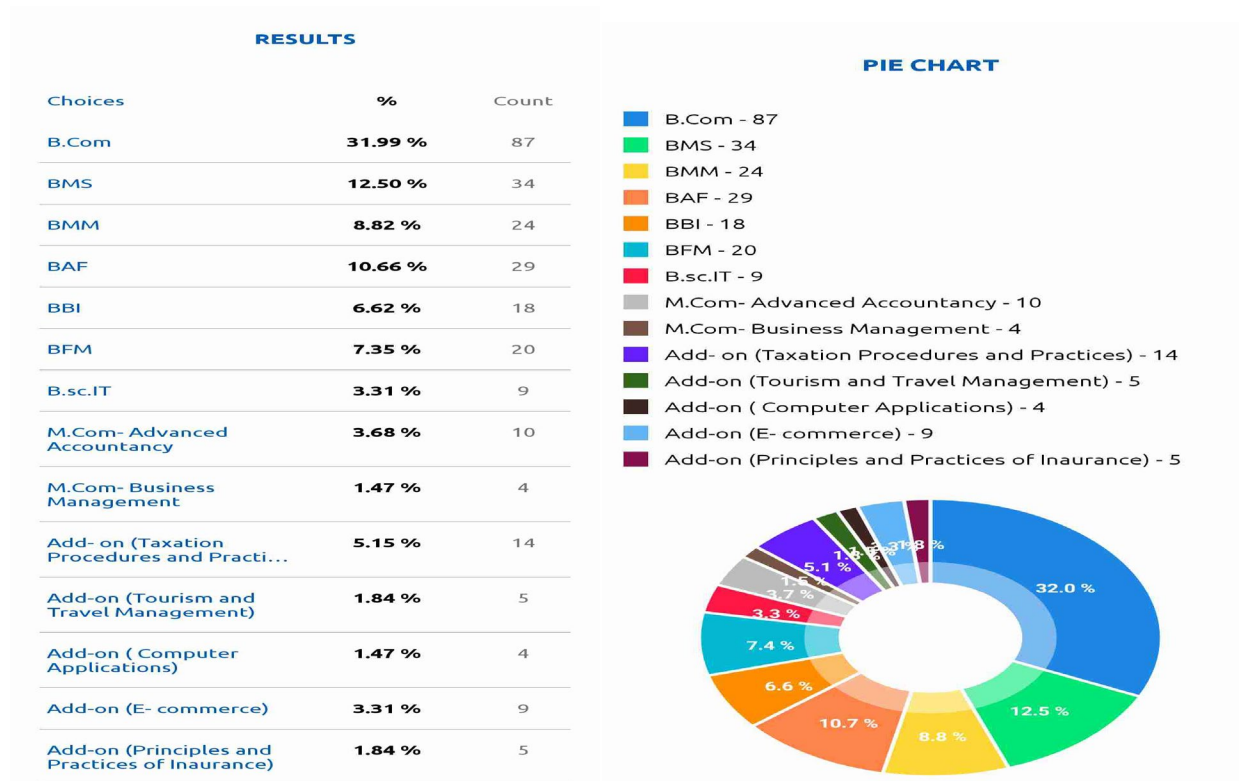

Q3. Gender

Interpretation:

The above results show that approximately 56% of students are female while 43.5% are male. Transgender account for approximately 0.50%.

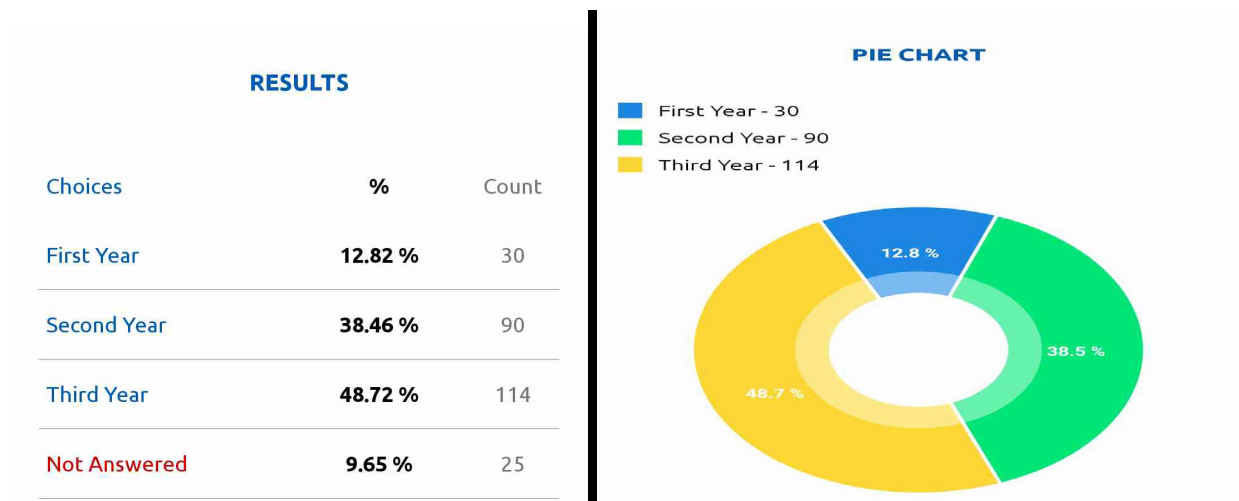

Q4. What degree program are you currently pursuing?

Interpretation:

The above results show that approximately 32% of students are pursuing B.Com (aided), while approximately 48.5% of students are pursuing Self-financing programs. Approximately, 14% are pursuing Add-on Vocational Courses while For Post- Graduate courses (M.Com), it is approximately 5.5%.

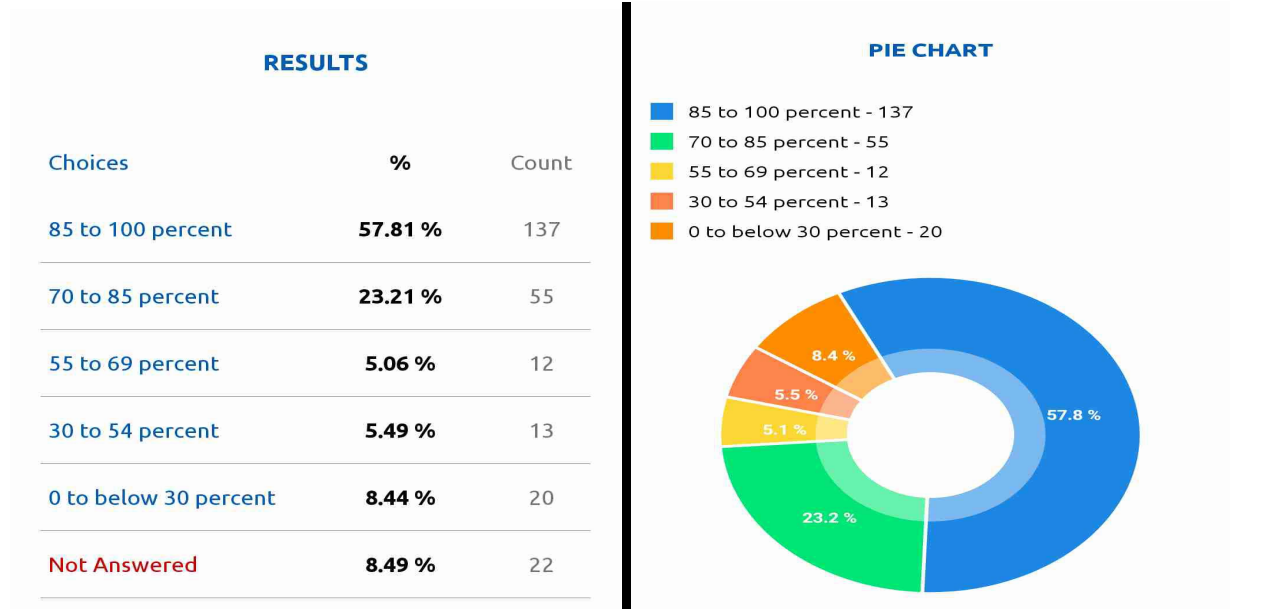

Q5. Which year of the program are you currently pursuing?

Interpretation:

The above results show that approximately 13% of students are currently in First Year, while approximately 39% and 49% of students are from the Second Year and Third Year respectively.

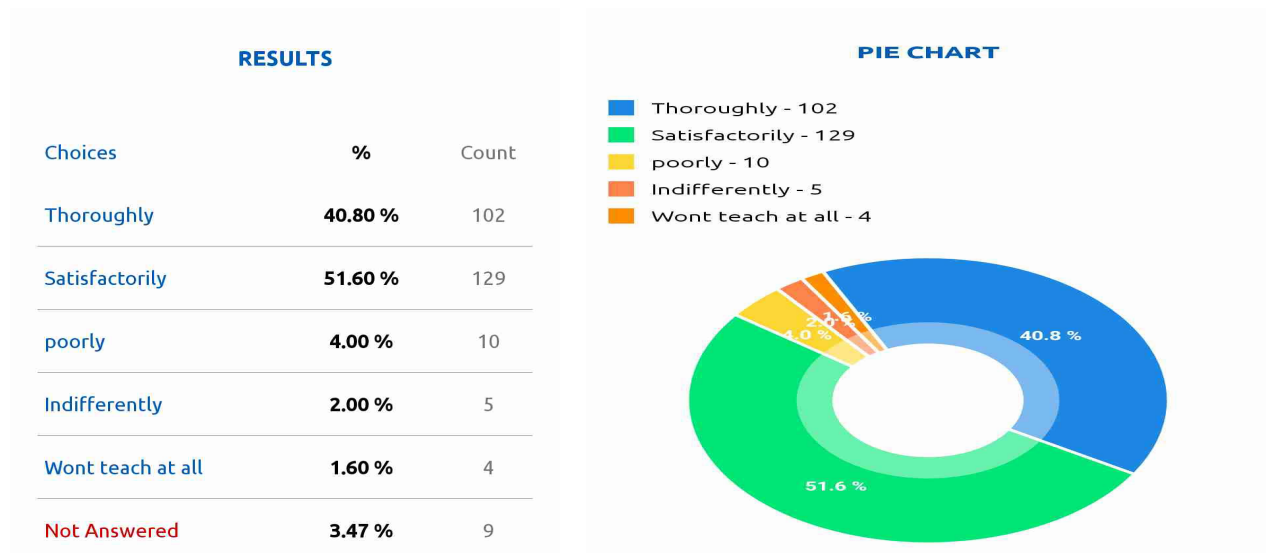

Q6. How much was the syllabus was covered in the class?

Interpretation:

The above results show that approximately 58% of students are of the opinion that the 85 to 100% syllabus was completed in the class, while, approximately 24% of students are of the opinion that the 70 to 85% syllabus was completed in the class. About, 8.5% of the students are of the opinion that 0 to 30% syllabus was completed.

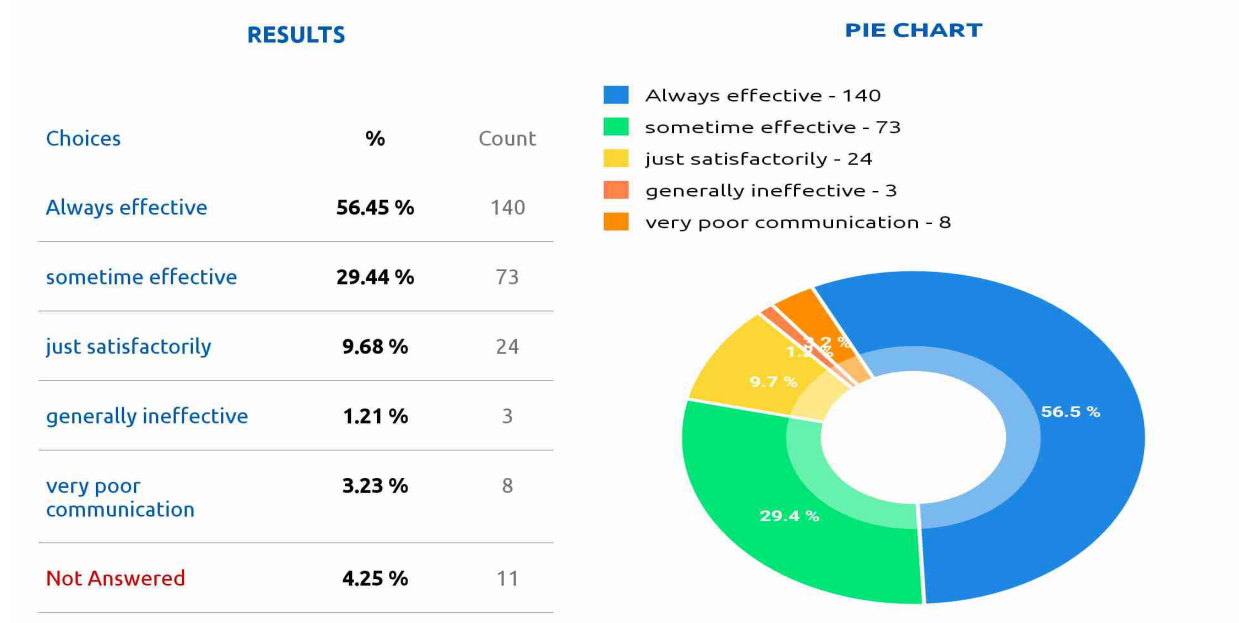

Q7. How well did the teachers prepare for the classes?

Interpretation:

The above results show that approximately 41% of students are of the opinion that the teachers were thoroughly prepared for the lectures, while, approximately 52% of students are of the opinion that the teachers were satisfactorily prepared for the class. About, 4% of the students are of the opinion that the teachers were poorly prepared.

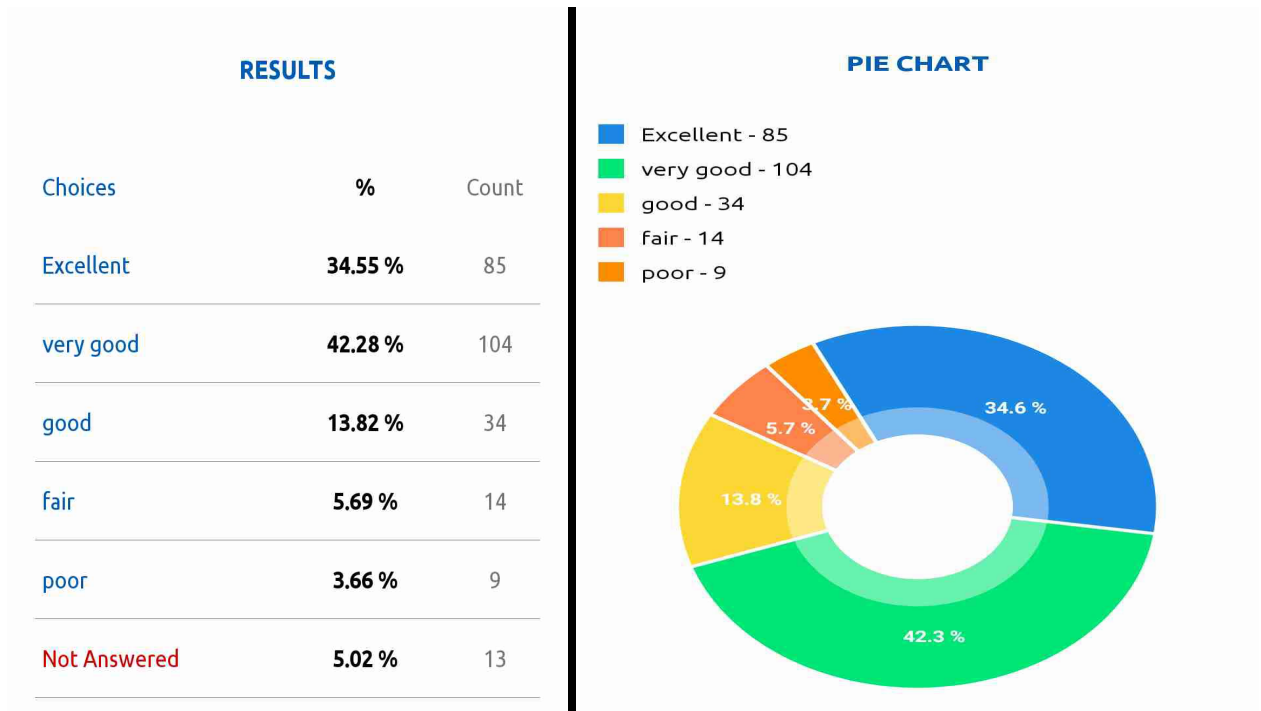

Q8. How well were the teachers able to communicate?

Interpretation:

The above results show that approximately 56% of students are of the opinion that the teachers were able to always communicate effectively, while, approximately 30% of students are of the opinion that the teachers were able to sometimes communicate effectively. About, 3% of the students are of the opinion that the teachers were very poor in their communication.

Q9. The teacher's approach to teaching can best be described as?

Interpretation:

The above results show that approximately 35% of students are of the opinion that the teachers’ approach towards teaching was excellent, while, approximately 42% of students are of the opinion that teachers’ approach towards teaching was very good. About, 4% of the students are of the opinion that their approach was poor.

Q10. Fairness of the internal evaluation process by the teachers

Interpretation:

The above results show that approximately 56% of students are of the opinion that the internal evaluation process was always fair, while, approximately 32% of students are of the opinion that the process was usually fair. About, 2% of the students are of the opinion that the process was unfair.

Q11. Was your performance in assignments discussed with you?

Interpretation:

The above results show that approximately 36% of students are of the opinion that their performance in assignments is discussed every time, while, approximately 29% of students are of the opinion that their performance in assignments is usually discussed. About, 11% of the students are of the opinion that their performance is never discussed.

Q12. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students

RESULTS

| Choices | % | Count |
|--------------|---------|-------|
| Regularly | 40.49 % | 100 |
| Often | 32.79 % | 81 |
| Sometimes | 14.57 % | 36 |
| Rarely | 8.50 % | 21 |
| Never | 3.64 % | 9 |
| Not Answered | 4.63 % | 12 |

PIE CHART

- Regularly - 100
- Often - 81
- Sometimes - 36
- Rarely - 21
- Never - 9

Interpretation:

The above results show that approximately 40% of students are of the opinion that the institute regularly takes active interest in promoting other activities and opportunities for them, while, approximately 33% of students are of the opinion that the institute often takes interest. About, 4% of the students are of the opinion that institute never takes interest.

Q13. The teaching and mentoring process in your institution facilities you in cognitive, social and emotional growth

RESULTS

| Choices | % | Count |
|---------------|---------|-------|
| Significantly | 29.39 % | 72 |
| very well | 44.90 % | 110 |
| moderately | 15.10 % | 37 |
| marginally | 5.31 % | 13 |
| Not at all | 5.31 % | 13 |
| Not Answered | 5.41 % | 14 |

PIE CHART

- Significantly - 72
- very well - 110
- moderately - 37
- marginally - 13
- Not at all - 13

Interpretation:

The above results show that approximately 29% of students are of the opinion that the teaching and mentoring process in the institute is significantly helpful, while, approximately 45% of students are of the opinion that the process is very good. About, 5% of the students are of the opinion that the teaching and mentoring process in the institute is not at all helpful.

Q14. The Institute provides multiple opportunities to learn and grow

Interpretation:

The above results show that approximately 35% of students strongly agree that the institute provides multiple opportunities to learn and grow, while, approximately 43% of students agree that the institute provides multiple opportunities to learn and grow. About, 3% of the students strongly disagree that the institute provides multiple opportunities to learn and grow.

Q15. Teachers inform you about your expected competencies, course outcomes and programme outcomes

RESULTS

| Choices | % | Count |
|--------------|---------|-------|
| Everytime | 43.75 % | 105 |
| usually | 35.83 % | 86 |
| sometimes | 11.25 % | 27 |
| rarely | 5.00 % | 12 |
| never | 4.17 % | 10 |
| Not Answered | 7.34 % | 19 |

PIE CHART

- Everytime - 105
- usually - 86
- sometimes - 27
- rarely - 12
- never - 10

Interpretation:

The above results show that approximately 29% of students are of the opinion that the teachers every time inform them about their competencies, program and course outcomes, while, approximately 36% of students are of the opinion that the teachers usually inform them about their competencies, program and course outcomes. About, 4% of the students are of the opinion that the teachers never inform them about their competencies, program and course outcomes.

Q16. Your mentor does a necessary follow up with an assigned task to you

RESULTS

| Choices | % | Count |
|-----------------------|---------|-------|
| Everytime | 43.83 % | 103 |
| usually | 28.94 % | 68 |
| sometimes | 16.60 % | 39 |
| rarely | 4.68 % | 11 |
| I don't have a mentor | 5.96 % | 14 |
| Not Answered | 9.27 % | 24 |

PIE CHART

- Everytime - 103
- usually - 68
- sometimes - 39
- rarely - 11
- I don't have a mentor - 14

Interpretation:

The above results show that approximately 44% of students are of the opinion that their mentor every time does the necessary follow up for the assigned task, while, approximately 29% of students are of the opinion that their mentor usually does the necessary follow up. About, 6% of the students have no mentor.

Q17. The teachers illustrate the concepts through examples and applications

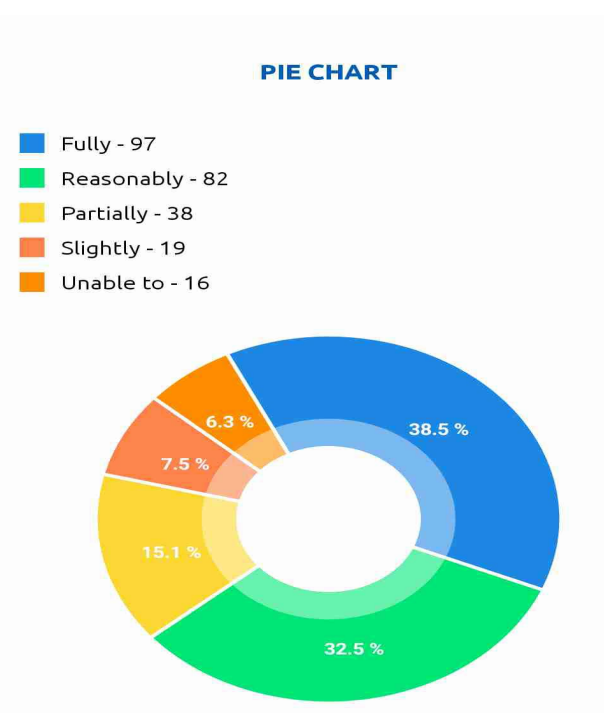

Interpretation:

The above results show that approximately 54% of students are of the opinion that the teachers every time explain the concepts with examples and application, while, approximately 29% of students are of the opinion that the teachers usually explain the concepts with examples. About, 3% of the students are of the opinion that the teachers never explain the concepts with examples.

Q18. The teachers identify your strengths and encourage you with providing right level of challenges

| RESULTS | | |
|--------------|---------|-------|
| Choices | % | Count |
| Fully | 38.49 % | 97 |
| Reasonably | 32.54 % | 82 |
| Partially | 15.08 % | 38 |
| Slightly | 7.54 % | 19 |
| Unable to | 6.35 % | 16 |
| Not Answered | 2.70 % | 7 |

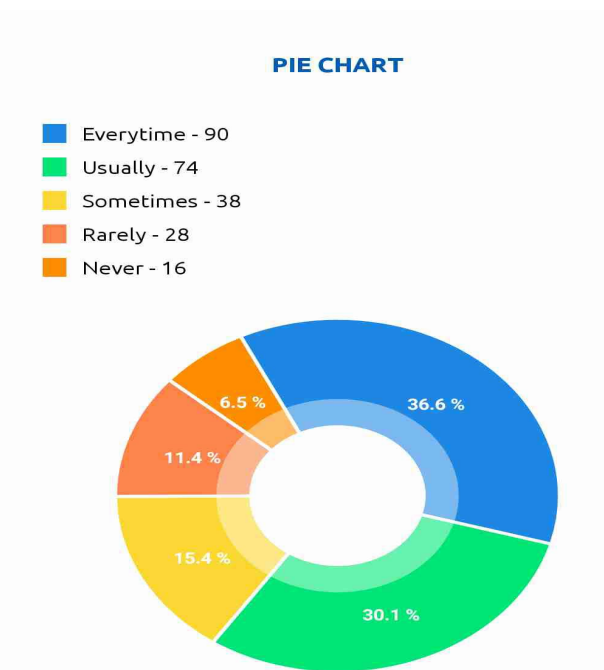

Interpretation:

The above results show that approximately 38% of students are of the opinion that the teachers fully identify their strengths and encourage them, while, approximately 33% of students are of the opinion that the teachers reasonably identify their strengths and encourage them. About, 6% of the students are of the opinion that the teachers unable to identify their strengths and encourage them.

Q19. The teachers are able to identify your weaknesses and help you to overcome them

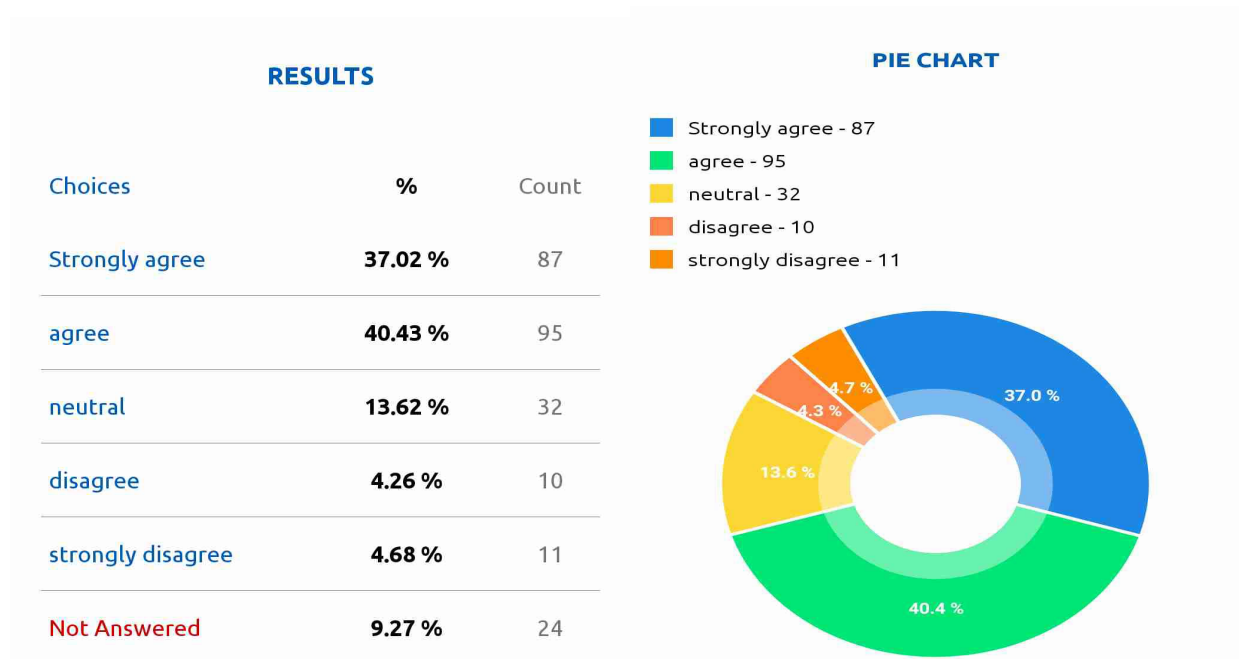

| RESULTS | | |
|--------------|---------|-------|
| Choices | % | Count |
| Everytime | 36.59 % | 90 |
| Usually | 30.08 % | 74 |
| Sometimes | 15.45 % | 38 |
| Rarely | 11.38 % | 28 |
| Never | 6.50 % | 16 |
| Not Answered | 5.02 % | 13 |

Interpretation:

The above results show that approximately 37% of students are of the opinion that the teachers every time able to identify their weakness and help to overcome them, while, approximately 30% of students are of the opinion that the teachers usually able to identify their weakness and help to overcome them. About, 6.50% of the students are of the opinion that the teachers never able to identify their weakness and help to overcome them.

Q20. The Institute makes efforts to engage students in the mentoring, review and continuous quality improvement of the teaching learning process

Interpretation:

The above results show that approximately 37% of students strongly agree that the institute makes efforts to engage students in quality improvement of teaching – learning process, while, approximately 40% of students agree that the institute makes efforts to engage students in quality improvement. About, 5% of the students strongly disagree that the institute makes efforts to engage students in quality improvement.

Q21. The teachers or Institute use student centric methods such as experimental learning, participative learning and problem solving methodologies for enhancing learning experiences

RESULTS

| Choices | % | Count |
|-------------------|---------|-------|
| to a great extent | 35.71 % | 85 |
| moderate | 44.12 % | 105 |
| some what | 9.66 % | 23 |
| very little | 5.46 % | 13 |
| not at all | 5.04 % | 12 |
| Not Answered | 8.11 % | 21 |

PIE CHART

- to a great extent - 85
- moderate - 105
- some what - 23
- very little - 13
- not at all - 12

Interpretation:

The above results show that approximately 36% of students are of the opinion that the institute or teachers use student-centric methods to a great extent, while, approximately 44% of students are of the opinion that the institute or teachers use student-centric methods to a moderate extent. About, 5% of the students are of the opinion that the institute or teachers do not use student-centric methods at all.

Q22. The teachers encourage you to participate in extra-curricular activities

RESULTS

| Choices | % | Count |
|-------------------|---------|-------|
| strongly agree | 50.62 % | 123 |
| agree | 33.33 % | 81 |
| neutral | 10.29 % | 25 |
| disagree | 3.70 % | 9 |
| strongly disagree | 2.06 % | 5 |
| Not Answered | 6.18 % | 16 |

PIE CHART

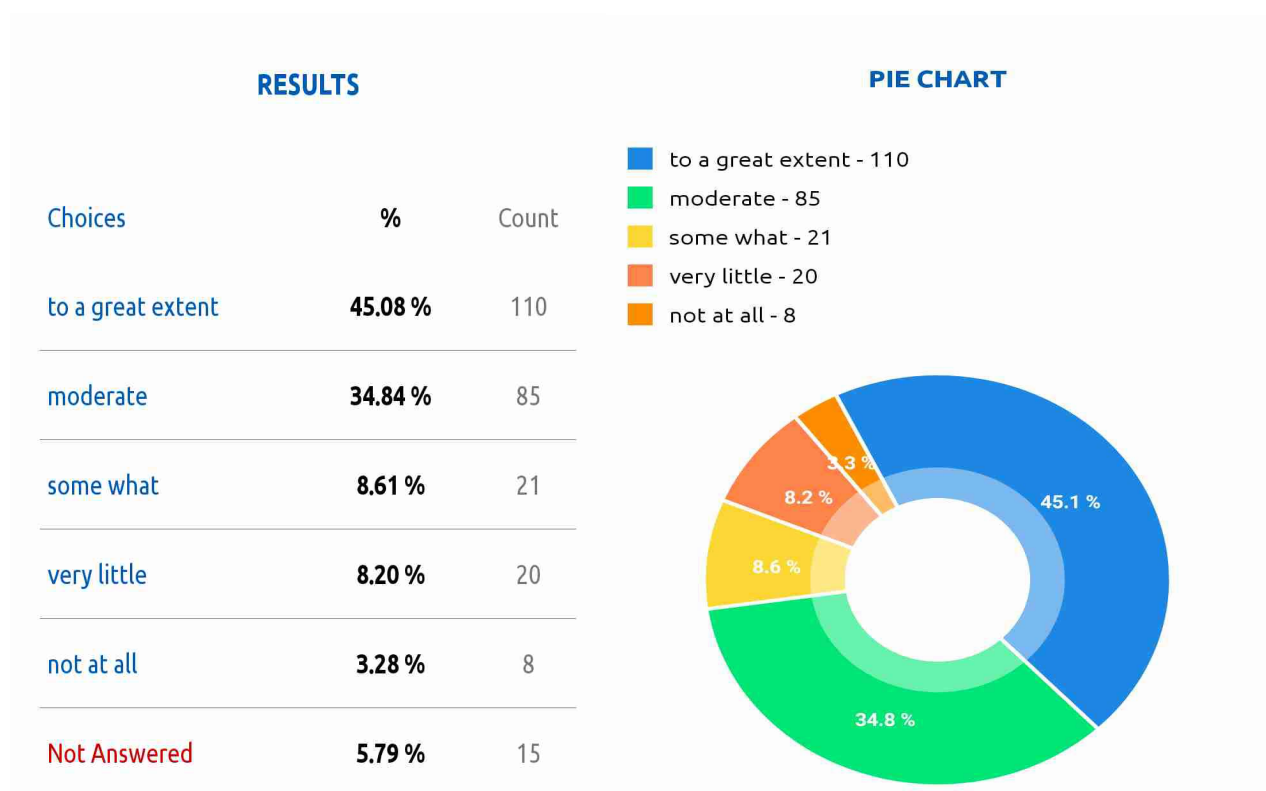

- strongly agree - 123
- agree - 81
- neutral - 25
- disagree - 9
- strongly disagree - 5

Interpretation:

The above results show that approximately 51% of students strongly agree that the teachers encourage to participate in extra-curricular activities, while, approximately 33% of students agree that the teachers encourage to participate in extra-curricular activities. About, 2% of the students strongly disagree that the teachers encourage to participate in extra-curricular activities.

Q23. Efforts are made by institute or teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work

Interpretation:

The above results show that approximately 45% of students are of the opinion that the institute or teachers take efforts to inculcate soft skills and other life skills to a great extent, while, approximately 35% of students are of the opinion that the institute or teachers take efforts to inculcate soft skills and other life skills to a moderate extent. About, 3% of the students are of the opinion that the institute or teachers do not take efforts to inculcate soft skills and other life skills at all.

Q24. What percentage of teachers use ICT tools such as LCD projectors, multimedia, etc. while teaching

RESULTS

| Choices | % | Count |
|---------------------|----------------|-------|
| above 90% | 22.59 % | 54 |
| 70- 89% | 30.13 % | 72 |
| 50 - 69% | 16.74 % | 40 |
| 30 - 49% | 14.23 % | 34 |
| 0 - below 29% | 16.32 % | 39 |
| Not Answered | 7.72 % | 20 |

PIE CHART

- above 90% - 54
- 70- 89% - 72
- 50 - 69% - 40
- 30 - 49% - 34
- 0 - below 29% - 39

Interpretation:

The above results show that approximately 23% of students are of the opinion that more than 90% of teachers use ICT tools, while, approximately 30% of students are of the opinion that 70 to 89% of teachers use ICT tools. About, 16% of the students are of the opinion that 0 to 29% of teachers use ICT tools.

Q25. The overall quality of teaching – learning process in your institute is very good

RESULTS

| Choices | % | Count |
|---------------------|----------------|-------|
| strongly agree | 36.78 % | 89 |
| agree | 45.45 % | 110 |
| neutral | 11.16 % | 27 |
| disagree | 2.89 % | 7 |
| strongly disagree | 3.72 % | 9 |
| Not Answered | 6.56 % | 17 |

PIE CHART

- strongly agree - 89
- agree - 110
- neutral - 27
- disagree - 7
- strongly disagree - 9

Interpretation:

The above results show that approximately 37% of students strongly agree that the overall quality of teaching – learning process is very good, while, approximately 45% of students agree that the overall quality of teaching – learning process is very good. About, 4% of the students strongly disagree that the overall quality of teaching – learning process is very good.

Q26. Give 3 suggestions or observations to improve the teaching – learning experience in your institution

Following are some of the relevant suggestions given by the students to improve the overall teaching – learning process:

1. Revision lectures and Prelims for Third year students should be conducted.
2. More focus required on soft skills and personality skills.
3. Time table should be more flexible with sufficient break in between lectures.
4. Better use of ICT tools in the class
5. Encourage 2 way interaction with the class.
6. More focus should be on group discussion, case studies and presentations, wherever possible.
7. Monthly or weekly test series should be conducted especially for Third year students.
8. More focus on Campus placements.
9. Participation in extra – curricular activities should be promoted.
10. More field or Industry exposure.
11. Better infrastructural facilities.
12. More student friendly approach from the teachers.
